With more companies than ever generating business and attracting customers through the internet it's important to make sure your website is the one potential clients find. Our workshops will show you how to unlock the awesome power of Macromedia Dreamweaver, moving your web development in to the fast lane.

Who is this course for?

This workshop is for anyone wanting to explore the basic principles of one of the most commonly used web design packages.

What if I can't fit it in?

The Business Solutions @ Northbrook team understand how hectic life can be sometimes; its for this reason that we're happy to customise this workshop for individual employers and ensure flexible delivery, either on your premises or at Northbrook College (A company costing will be provided once your training needs are finalised).

What do I gain on completion?

Upon completion of this one day workshop you will receive a Northbrook College Certificate of Attendance, easy to follow handouts, and enough knowledge to proceed and progress onto other workshops and IT courses. Oh, and don't worry - there are no examinations or assessments on this course!

Do I need any experience?

There are no entry requirements for this course.
